

Thomas Kim

Software Engineer | Multimedia Designer

I am a skilled developer proficient in both front-end and back-end development. With experience in multimedia design and marketing, I offer a unique blend of technical expertise and creative vision. Excited to collaborate with you and deliver exceptional work.

Employment History

Full Stack Developer | DevOps at Else Studio, Remote

NOVEMBER 2023 – PRESENT

Managed multiple Flutter projects, working extensively with Java Quarkus for backend development and REST API integration. Led deployment and DevOps tasks, utilizing GitHub Actions, Docker, and VPS management with SSH access to configure environments efficiently. Developed front-end solutions in Flutter for both web and Android platforms. Additionally, contributed to team management, assisted with tech lead responsibilities, and coordinated QA arrangements to ensure high software quality.

Software Engineer at AMC Group

SEPTEMBER 2021 – OCTOBER 2023

Dedicated software engineer with 2 years experience creating impactful VBA and C# tools to enhance operations and functionality within Microsoft Office. Entrusted with problem-solving through coding to improve efficiency, reduce repetition, and mitigate errors. Successfully completed over 100 coding tasks and 90 research projects. Primary expertise in VBA.

Full Stack Developer | Video Content Creator

NOVEMBER 2019 – SEPTEMBER 2021

Designed and developed 3 apps and 1 website, creating a comprehensive restaurant system with Voucher, Table Reservation, and Food Ordering features. My involvement spanned front-end, back-end, database design, and logo creation. Additionally, produced over 270 videos, cultivating YouTube to 12k subscribers and Bilibili to 24k followers. I have a gentle male voice honed for emotional voiceovers.

Multimedia Designer at AMC Group

SEPTEMBER 2018 – SEPTEMBER 2019

Served as multimedia designer focused on UI and logo design. Role demanded meticulous attention to detail and high-quality standards which I consistently delivered. Honed skills crafting seamless, user-friendly UI design flow to enhance user experience. Also undertook extensive video editing and website design projects, further broadening creative and technical abilities.
